FEEDBACK POLICY

INTRODUCTION

The institution collects feedback from all the stakeholders are Students, Teachers, parents, Alumni and Employer at the mid of every semester academic year through online mode. The feedback obtained is analyzed based on the following features.

- Effectiveness of teaching and learning
- Curriculum-related facilities and infrastructure resources
- The college's culture and ambience

FEEDBACK MECHANISM

One of the key components of an institution's efforts to continuously enhance the curriculum and improve the teaching-learning process is curriculum review.

The curriculum improvement is done through the following phases.

1. The stakeholders' feedback is gathered using an online feedback mechanism.
2. Responses are generated and data is analyzed to improve qualitative instruction, which helps to grow the professional growth of every student.
3. The relevant department heads conduct talks based on the analysis requirements, academic policies, and benchmarks.
4. The curriculum review members finalize the changes in the syllabus as proposed in the board of studies(BoS) meeting conducted by university after the feedback analysis. Ambience related points are resolved in institute meeting after the feedback analysis.
5. Finally the changes are incorporated in the curriculum and Action Taken Report (ATR) is prepared and submitted to IQAC.

Feedback from samples :

1. Students Feedback Form
2. Teachers Feedback Form
3. Alumni Feedback Form
4. Employer Feedback Form
