DEPARTMENT OF FIRST YEAR ENGINEERING
ACADEMIC YEAR 2025-26

Date: 28-11-2025

Name of the event:	A special guest lecture on 'Thalassemia' awareness.
Date of the event & Venue:	28 th November 2025. CSMSS, Shahu Auditorium.
Participants:	All the first Year engineering Students
Event Speakers & Delegates:	1) Dr. G.B Dongre (Principal-CSMSS, CSCOE) 2) Dr. Mahindrasingh Chauhan 3) Dr. Deepali Amle
Summary of the event:	<p>A special guest lecture was conducted on Thalassemia awareness in CSMSS, Shahu auditorium on 28 th November 2025 for the first year engineering students in collaboration with the department of Rognidan Evum Vikruti Vigyan, Chh. Shahu maharaj shikshan sanstha's Ayurved Mahavidyalaya and Rugnalay.</p> <p>This interdisciplinary session aims to create awareness about thalassemia, its causes, prevention, early diagnosis and the importance of screening- especially for young adults. The lecture helped engineering students to understand the broader societal and healthcare implications of thalassemia, encouraging informed and responsible health choices.</p> <p>Thalassemia, an inherited blood disorder that affects hemoglobin production. The session aimed to highlight the importance of early diagnosis, career screening and preventive measures to reduce the prevalence of the disease</p>
Outcome(s):	<ol style="list-style-type: none">1) Increased awareness among students about the importance of genetic testing.2) Improved understanding of how thalassemia can be prevented through informed decision making.3) Many students expressed willingness to undergo screening and educate others.4) It motivated students for blood donation.
Conclusion:	The Thalassemia awareness program was highly impactful in spreading crucial information about a preventable genetic disorder. It empowered students with knowledge, encouraged proactive health behavior and reinforced the need for community wide awareness to reduce thalassemia incidence.
