CHH. SHAHU COLLEGE OF ENGINEERING, CHH. SAMBHAJINAGAR

Name of the Department: - First Year Engineering

Name of the event:	First Year Engineering Student Induction Program
Date of the event:	11th September 2025
Participants:	All First Year Students (Group A)
No of students and Parents:	405
Expert(s) / Guest(s) of the event:	डॉ. कल्याण माळी Ravindra Jogdand, Deputy CEO SmartCity, Chh. Sambhajinagar Prof.S.B.Lahane & Prof.Y.K.Narwade Prof.A.T.Jadhav
Summary of the event:	डॉ. कल्याण माळी – “हिंदवी स्वराज्याची पहिली राजधानी – राजगड” Dr. Kalyan Mali gave an engaging session on Hindavi Swarajya’s first capital – Rajgad. He spoke about its historical importance, architectural strength, and strategic value during the reign of Chhatrapati Shivaji Maharaj. The outcome of the session was to instill pride in heritage, inspire leadership qualities, and motivate students to learn from history’s lessons of courage and planning. Ravindra Jogdand – Students’ Responsibilities Mr. Ravindra Jogdand, Deputy CEO SmartCity, Chh. Sambhajinagar, highlighted the roles and responsibilities of students in shaping their future and contributing to society. He discussed discipline, accountability, time management, and active participation in academic and social activities. The outcome was to make students more aware of their duties as responsible citizens and future professionals. Prof. S.B. Lahane & Prof. Y.K. Narwade – Drone Technology Prof. Lahane and Prof. Narwade introduced students to the emerging field of Drone Technology. They explained its applications in defense, agriculture, mapping, surveillance, and logistics. The outcome of this session was to spark curiosity among students about modern

	<p>technologies, encouraging them to explore innovation and research opportunities in this rapidly growing domain.</p> <p>Prof. A.T. Jadhav – Meditation</p> <p>Prof. A.T. Jadhav conducted a session on the practice and benefits of Meditation. He explained how meditation helps reduce stress, improve concentration, and enhance overall mental well-being. Students learned simple techniques to manage their thoughts and emotions. The outcome was to encourage them to adopt meditation as a tool for inner peace, focus, and balanced lifestyle.</p>
<p>Outcome(s):</p>	<p>The sessions of the provided students with a blend of historical inspiration, social awareness, technological knowledge, and personal well-being practices. They gained motivation from the legacy of Rajgad, understood their responsibilities as students and future citizens, explored the vast potential of drone technology, and learned meditation techniques for focus and stress management. Altogether, these talks promoted holistic development by connecting heritage, responsibility, innovation, and inner growth.</p>
