Department of Artificial Intelligence & Data Science

Name of the event:	Student Orientation Program
Date of the event:	17/08/2026 to 18/08/2026
Participants	185
Faculty / Resource Person	Dr. S. R. Zanwar
Objective	1. To familiarize students with academic rules, regulations of the department. 2. To establish effective communication between students, Teacher Guardian, Class Teacher & Head of the Department and class teachers. 3. To guide students regarding curriculum, examinations, attendance, assignments, and academic performance. 4. To motivate students to systematically plan their academic and career goals in coding practice through platforms (LeetCode, HackerRank), and various competition like Hackathons.
Summary of the event:	The Students' Orientation Program was organized at CSMSS College of Engineering to guide and motivate students regarding their academic journey, professional development, and overall growth. The program was conducted under the guidance of the respected Head of the Department, Dr. S. R. Zanwar, with active support and coordination from the respective class teachers. The orientation focused on helping students understand academic expectations, departmental activities, attendance and discipline regularities, examination patterns, career opportunities, internships, project work, skill development, and the importance of active participation in co-curricular and technical activities. Students were also encouraged to maintain regularity, develop communication and technical skills, and make effective use of available academic resources. The Head of the Department and class teachers interacted with students and provided necessary guidance regarding their responsibilities, academic performance, career planning, and preparation for future opportunities. The session also encouraged students to identify their strengths, improve areas of weakness, and develop a positive and professional attitude towards their studies and career.
Outcome:	1. Become more aware of their academic and professional responsibilities. 2. Develop awareness about internships, projects, placements, higher studies, and career pathways. 3. Become motivated to participate actively in departmental and professional activities.
